

A smiling woman with sunglasses is wrapped in an American flag, sitting on a boat. The background shows a blue body of water and a hilly coastline under a clear sky. A diagonal white line runs across the image from the top left to the bottom right.

KICKER[®]
MARINE AUDIO

★ SINCE 1973

ON THE WATER

To thrive in the unforgiving marine environment you need products that never compromise on quality, build standard or performance.

KICKER marine audio will exceed your expectations and take your on-water experience to the next level!

GO OVERBOARD

Boating is a social, exciting and fun experience which reaches a new dimension when accompanied by the rhythm of your favourite music.

Expert KICKER design gives you great audio quality at loud volumes; ensure your memories have the playlist they deserve.
